

ADVANCED: ADVANCES IN MINIMALLY INVASIVE SURGERY

Join us for the 3rd and final webinar for this year's RIGs HUB training programme. Three renowned speakers will cover a range of renovations in minimally invasive surgery, Prof Justin Clark will talk about hysteroscopic management of fibroids, and Prof Ertan Saridogan will cover the laparoscopic aspect of management. We also have Prof Andreas Hackethal from Hamburg, Germany who will share his experience and provides tips for laparoscopic hysterectomy.

Monday 11th November 2024 at 18:30-19:30 (UK time)
