Annual Scientific Meeting

Pre-congress Workshop RIGS Hands-on Laparoscopy

Overview

This immersive full-day workshop focuses on developing key operative competencies aligned with the RCOG core curriculum. It is designed for Residents and suitable for those undertaking the Gynaecological Surgical Care SITM, Management of Benign Gynaecology SITM, or Advanced Laparoscopy ATSM. The workshop emphasises hands-on laparoscopic simulation using advanced high-fidelity models, with direct supervision and feedback from experienced colleagues. Practical sessions are complemented by focused lectures from leaders in minimally invasive surgery and surgical education.
