

# ASM26

Annual Scientific Meeting

## Post-congress Cadaveric Workshop

### Course Overview

This hands-on cadaveric dissection workshop is designed to enhance:

- Advanced pelvic anatomical knowledge
- Retroperitoneal surgical confidence
- Precision in laparoscopic dissection techniques

### International Faculty

#### Lead Faculty:

#### Shailesh Puntambekar

World-renowned gynaecologic oncologist and pioneer of the "Pune Technique" for Wertheim's hysterectomy. He gained global recognition following India's successful uterine transplant programme.

His lecture, "**Uterine transplant is the Mount Everest of fertility-enhancing surgery**", received a standing ovation at the **British Society for Gynaecological Endoscopy (BSGE) ASM 2019**, where he delivered the prestigious Alec Turnbull Lecture.

Participants will learn directly from the master surgeon himself.

#### Local Faculty Lead:

#### Sujata Gupta

Consultant Gynaecologist and Endometriosis Specialist, supported by a highly experienced local faculty team.

### Bespoke Learning Experience

To maximise educational value, participants are encouraged to submit their **personal learning objectives** in advance. The course can be tailored to support focused one-to-one training in areas such as:

- Identification of ureters
- Ureterolysis
- Dissection of para-rectal spaces
- Parametrial dissection
- Ligation of uterine artery at origin
- Internal iliac artery ligation
- Pelvic lymph node dissection
- Para-aortic node dissection
- Pelvic nerve dissection
- Laparoscopic uro-gynaecology procedures

And more....

Lead faculty: **Shailesh Puntambekar**

Course organiser: **Sujata Gupta**

Local faculty: **Nahid Gul, Sujata Gupta, Deena Harji, Rebecca Mallick, Amer Raza, David Rowlands and Carmine Civilli.**

### Live Streaming

Delegates will have option to join remotely where you will be able to watch the retroperitoneal dissection as performed and taught by the faculty. You will be able to do this in session, or you will be able to watch a recording in time that suits you. Live session will also allow question and answers.

BRITISH SOCIETY for GYNAECOLOGICAL ENDOSCOPY

**Saturday,  
2nd May 2026**

Start time: 08:30

End Time: 17:00

**Hands on workshop  
Registration fee: £950**

**Maximum delegates :12**

**Virtual attendance  
Registration fee: £250**

#### Address:

**Manchester Surgical Skills  
and Simulation Centre**

Stopford Building, 3rd Floor

**University of Manchester**

Oxford Road, Manchester,  
M13 9PT

**Register here**

Strictly for BSGE members only.

This course is **significantly subsidised** and offered at a fraction of the usual cost of cadaveric training programmes.

Target Audience: Consultants and Senior Gynaecology Trainees.
